RECOMMENDED GUIDELINES FOR

SERVING ALCOHOLIC BEVERAGES AT PUBLIC EVENTS

If your organization decides to serve alcoholic beverages at a community event, the following recommendations are suggestions during the planning stages:

- a. Drinking be confined whenever possible to a specified area (i.e. beer garden etc.) in order to control exposure to minors as well as to minimize and contain potential problematic behavior to a supervised area.
- b. That non-alcoholic beverages be readily available and accessible and that they have high visibility and exposure. In some cases, alcoholic beverages are the only drink available.
- c. That adequate food be available in order to minimize the effects of alcohol.
- d. That portions be controlled, i.e., that quantities of beverages be such that one portion would not induce inebriation.
- e. That signage be clearly posted regarding the hazardous effects of alcohol on fetal development.
- f. That servers be instructed to discontinue serving of additional beverages to obviously intoxicated persons.
- g. That the sale of alcohol beverages be discontinued with sufficient time prior to the end of the event in order to promote the "sobering" of attendees.
- h. That event promoters encourage and announce the use of "designated drivers" throughout the event.
- i. That agencies having target populations of youth and/or service agencies related to education, health, prevention, and delinquency, not be dependent upon liquor industry nor tobacco industry funding assistance or sponsorship. These recommendations are made in order to minimize potential philosophical conflicts of interest.
